Homes.
Not Shelters.

Hadley Community provides housing with support for adults affected by homelessness, trauma, addiction, and mental health challenges.
With 79% of our men residents being young adults, we offer a structured, substance-free community where residents have their own living space. They also have access to staff support, meals, programs and activities, as well as opportunities to build greater stability and independence.

WHAT HAPPENS AFTER REFERRAL?

1. Refer

A person can be referred by a community organization, professional, support worker or another appropriate referral source. Self-referrals are also accepted.

To discuss a potential referral or request information about the application process, contact our team by email at ***managerclientservices@hadleycommunity.ca*** *or by phone at* ***514-933-6916, ext. 3.***

2. Apply

The application is reviewed to determine whether Hadley may be an appropriate housing option.

3. Meet With Us

If the application moves forward, the applicant is invited to meet with a member of the Hadley team and a member of our **Selection Committee** from an outside organization. This is an opportunity to learn more about the residence, discuss their needs and explore whether Hadley can provide the support and community they are looking for.

4. Next Steps

Following the meeting and assessment, the applicant is informed of the next steps in the process.
